Anthony Robbins

I believe life is constantly testing us for our level of commitment, and life's greatest rewards are reserved for those who demonstrate a never-ending commitment to act until they achieve. This level of resolve can move mountains, but it must be constant and consistent. As simplistic as this may sound, it is still the common denominator separating those who live their dreams from those who live in regret.

Anthony Robbins

I've come to believe that all my past failure and frustration were actually laying the foundation for the understandings that have created the new level of living I now enjoy.

Anthony Robbins

The path to success is to take massive, determined action.

Anthony Robbins

It is not what we get. But who we become, what we contribute... that gives meaning to our lives.

Anthony Robbins

Most people have no idea of the giant capacity we can immediately command when we focus all of our resources on mastering a single area of our lives.

Anthony Robbins

Once you have mastered time, you will understand how true it is that most people overestimate what they can accomplish in a year - and underestimate what they can achieve in a decade!

Anthony Robbins

The path to success is to take massive, determined action.

Anthony Robbins

You see, in life, lots of people know what to do, but few people actually do what they know. Knowing is not enough! You must take action.

Anthony Robbins

Action is the foundational key to all success.

Anthony Robbins

I've come to believe that all my past failure and frustrations were actually laying the foundation for the understandings that have created the new level of living I now enjoy.

Anthony Robbins

It's not what's happening to you now or what has happened in your past that determines who you become. Rather, it's your decisions about what to focus on, what things mean to you, and what you're going to do about them that will determine your ultimate destiny.

Anthony Robbins

Put yourself in a state of mind where you say to yourself, 'Here is an opportunity for you to celebrate like never before, my own power, my own ability to get myself to do whatever is necessary.'

Anthony Robbins

Quality questions create a quality life. Successful people ask better questions, and as a result, they get better answers.

Success in life is the result of good judgment. Good judgment is usually the result of experience. Experience is usually the result of bad judgement.

Anthony Robbins

What we can or cannot do, what we consider possible or impossible, is rarely a function of our true capability. It is more likely a function of our beliefs about who we are.

Anthony Robbins

The truth of the matter is that there's nothing you can't accomplish if:

Anthony Robbins

Beliefs have the power to create and the power to destroy. Human beings have the awesome ability to take any experience of their lives and create a meaning that disempowers them or one that can literally save their lives.

Anthony Robbins

I've continued to recognize the power individuals have to change virtually anything and everything in their lives in an instant. I've learned that the resources we need to turn our dreams into reality are within us, merely waiting for the day when we decide to wake up and claim our birthright.

Anthony Robbins

We are the only beings on the planet who lead such rich internal lives that it's not the events that matter most to us, but rather, it's how we interpret those events that will determine how we think about ourselves and how we will act in the future.

Anthony Robbins

You see, it's never the environment; it's never the events of our lives, but the meaning we attach to the events -- how we interpret them -- that shapes who we are today and who we'll become tomorrow.

Anthony Robbins

It's not the events of our lives that shape us, but our beliefs as to what those events mean.

Anthony Robbins

I believe life is constantly testing us for our level of commitment, and life's greatest rewards are reserved for those who demonstrate a never-ending commitment to act until they achieve. This level of resolve can move mountains, but it must be constant and consistent. As simplistic as this may sound, it is still the common denominator separating those who live their dreams from those who live in regret.

Anthony Robbins

One reason so few of us achieve what we truly want is that we never direct our focus; we never concentrate our power. Most people dabble their way through life, never deciding to master anything in particular.

Anthony Robbins

If you do what you've always done, you'll get what you've always gotten.

Anthony Robbins

Take control of your consistent emotions and begin to consciously and deliberately reshape your daily experience of life.

Anthony Robbins

You are now at a crossroads. This is your opportunity to make the most important decision you will ever make. Forget your past. Who are you now? Who have you decided you really are now? Don't think about who you have been. Who are you now? Who have you decided to become? Make this decision consciously. Make it carefully. Make it powerfully.

Anthony Robbins

All personal breakthroughs being with a change in beliefs. So how do we change? The most effective way is to get your brain to associate massive pain to the old belief. You must feel deep in your gut that not only has this belief cost you pain in the past, but it's costing you in the present and, ultimately, can only bring you pain in the future. Then you must associate tremendous pleasure to the idea of adopting a new, empowering belief.

Anthony Robbins

It is in your moments of decision that your destiny is shaped.

Anthony Robbins

It's not what's happening to you now or what has happened in your past that determines who you become. Rather, it's your decisions about what to focus on, what things mean to you, and what you're going to do about them that will determine your ultimate destiny.

Anthony Robbins

More than anything else, I believe it's our decisions, not the conditions of our lives, that determine our destiny.

Anthony Robbins

The most important thing you can do to achieve your goals is to make sure that as soon as you set them, you immediately begin to create momentum. The most important rules that I ever adopted to help me in achieving my goals were those I learned from a very successful man who taught me to first write down the goal, and then to never leave the site of setting a goal without first taking some form of positive action toward its attainment.

Anthony Robbins

You see, in life, lots of people know what to do, but few people actually do what they know. Knowing is not enough! You must take action.

Anthony Robbins

Your life changes the moment you make a new, congruent, and committed decision.

Anthony Robbins

Goals are a means to an end, not the ultimate purpose of our lives. They are simply a tool to concentrate our focus and move us in a direction. The only reason we really pursue goals is to cause ourselves to expand and grow. Achieving goals by themselves will never make us happy in the long term; it's who you become, as you overcome the obstacles necessary to achieve your goals, that can give you the deepest and most long-lasting sense of fulfillment.

Anthony Robbins

You clearly decide what it is that you're absolutely committed to achieving,

1. You're willing to take massive action,
2. You notice what's working or not, and
3. You continue to change your approach until you achieve what you want, using whatever life gives you along the way.

Anthony Robbins

We will act consistently with our view of who we truly are, whether that view is accurate or not.

Anthony Robbins

If you can't, you must. If you must, you can.

Anthony Robbins

Any time you sincerely want to make a change, the first thing you must do is to raise your standards. When people ask me what really changed my life eight years ago, I tell them that absolutely the most important thing was changing what I demanded of myself. I wrote down all the things I would no longer accept in my life, all the things I would no longer tolerate, and all the things that I aspired to becoming.

Stephen Covey

Between stimulus and response, one has the freedom to choose.

Dr. Stephen Covey

Don't argue for other people's weaknesses. Don't argue for your own. When you make a mistake, admit it, correct it, and learn from it--immediately.

Dr. Stephen Covey

Every human has four endowments- self awareness, conscience, independent will and creative imagination. These give us the ultimate human freedom... The power to choose, to respond, to change.

Dr. Stephen Covey

Happiness can be defined, in part at least, as the fruit of the desire and ability to sacrifice what we want now for what we want eventually.

Dr. Stephen Covey

If you're proactive, you don't have to wait for circumstances or other people to create perspective expanding experiences. You can consciously create your own.

Dr. Stephen Covey

Live out of your imagination, not your history.

Dr. Stephen Covey

Many people seem to think that success in one area can compensate for failure in other areas. But can it really?...True effectiveness requires balance.

Dr. Stephen Covey

Our character is basically a composite of our habits. Because they are consistent, often unconscious patterns, they constantly, daily, express our character.

Dr. Stephen Covey

Without involvement, there is no commitment. Mark it down, asterisk it, circle it, underline it. No involvement, no commitment.

Dr. Stephen Covey

Management works in the system. Leadership works on the system.

Dr. Stephen Covey

Effective people are not problem-minded; they're opportunity minded. They feed opportunities and starve problems.

Dr. Stephen Covey

One of the best ways to educate our hearts is to look at our interaction with other people, because our relationships with others are fundamentally a reflection of our relationship with ourselves.

Dr. Stephen Covey

Begin with the end in mind.

Dr. Stephen Covey

Paradigms are powerful because they create the lens through which we see the world.

Dr. Stephen Covey

Each of us tends to think we see things as they are, that we are objective. But this is not the case. We see the world, not as it is, but as we are - or as we are conditioned to see it.

Brian Tracy

The act of taking the first step is what separates the winners from the losers.

Brian Tracy

If you envy successful people, you create a negative force field of attraction that repels you from ever doing the things that you need to do to be successful. If you admire successful people, you create a positive force field of attraction that draws you toward becoming more and more like the kinds of people that you want to be like.

Brian Tracy

Imagine no limitations; decide what's right and desirable before you decide what's possible.

Dale Carnegie

Be more concerned with your character than with your reputation. Your character is what you really are while your reputation is merely what others think you are.

Dale Carnegie

Do the hard jobs first. The easy jobs will take care of themselves.

Dale Carnegie

Don't be afraid to give your best to what seemingly are small jobs. Every time you conquer one it makes you that much stronger. If you do the little jobs well, the big ones will tend to take care of themselves.

Dale Carnegie

People rarely succeed unless they have fun in what they are doing.

Dale Carnegie

Today is life-the only life you are sure of. Make the most of today. Get interested in something. Shake yourself awake. Develop a hobby. Let the winds of enthusiasm sweep through you. Live today with gusto.

Dale Carnegie

Develop success from failures. Discouragement and failure are two of the surest stepping stones to success.

Dale Carnegie

Do the thing you fear to do and keep on doing it... that is the quickest and surest way ever yet discovered to conquer fear.

Dale Carnegie

If you believe in what you are doing, then let nothing hold you up in your work. Much of the best work of the world has been done against seeming impossibilities. The thing is to get the work done.

Dale Carnegie

It isn't what you have, or who you are, or where you are, or what you are doing that makes you happy or unhappy. It is what you think about.

Dale Carnegie

Most of the important things in the world have been accomplished by people who have kept on trying when there seemed to be no hope at all.

Dale Carnegie

Remember happiness doesn't depend upon who you are or what you have; it depends solely on what you think.

NAPOLEON HILL

The best job goes to the person who can get it done without passing the buck or coming back with excuses.

Napoleon Hill

Action is the real measure of intelligence.

Napoleon Hill

Do it now! can affect every phase of your life. It can help you do the things you should do but don't feel like doing. It can keep you from procrastinating when an unpleasant duty faces you. But it can also help you do those things that you want to do. It helps you seize those precious moments that, if lost, may never be retrieved.

Napoleon Hill

Do not wait; the time will never be "just right." Start where you stand, and work with whatever tools you may have at your command, and better tools will be found as you go along.

Napoleon Hill

The world has the habit of making room for the man whose actions show that he knows where he is going.

Napoleon Hill

Every adversity, every failure, every heartache carries with it the seed of an equal or greater benefit.

Napoleon Hill

What ever the mind of man can conceive and believe, it can achieve.

Napoleon Hill

The jack-of-all-trades seldom is good at any. Concentrate all of your efforts on one definite chief aim.

Napoleon Hill

The strongest oak of the forest is not the one that is protected from the storm and hidden from the sun. It's the one that stands in the open where it is compelled to struggle for its existence against the winds and rains and the scorching sun.

Effort only fully releases its reward after a person refuses to quit.

Napoleon Hill

Who said it could not be done? And tell me what great victories does he have to his credit which qualifies him to judge what can and can't be accomplished.

Napoleon Hill

Desire is the starting point of all achievement, not a hope, not a wish, but a keen pulsating desire which transcends everything.

Napoleon Hill

Cherish your visions and your dreams as they are the children of your soul; the blueprints of your ultimate achievements.

Napoleon Hill

When defeat comes, accept it as a signal that your plans are not sound, rebuild those plans, and set sail once more toward your coveted goal.

Napoleon Hill

Hold a picture of yourself long and steadily enough in your mind's eye, and you will be drawn toward it.

If you do not conquer self, you will be conquered by self.

The ladder of success is never crowded at the top.

Napoleon Hill

Until you have learned to be tolerant with those who do not always agree with you; until you have cultivated the habit of saying some kind word of those whom you do not admire; until you have formed the habit of looking for the good instead of the bad there is in others, you will be neither successful nor happy.

Napoleon Hill

You must get involved to have an impact. No one is impressed with the won-lost record of the referee.

Napoleon Hill

The battle is all over except the "shouting" when one knows what is wanted and has made up his mind to get it, whatever the price may be.

Napoleon Hill

There is one quality which one must possess to win, and that is definiteness of purpose, the knowledge of what one wants, and a burning desire to possess it.

Napoleon Hill

Every person who wins in any undertaking must be willing to cut all sources of retreat. Only by doing so can one be sure of maintaining that state of mind known as a burning desire to win -- essential to success.

It is literally true that you can succeed best and quickest by helping others to succeed.

Robert T. Kiyosaki

Please take note, Robert Kiyosaki's quotes are base from his Rich Dad book series. If you have not read his books yet, you may not catch some of his meanings behind the quotes. I would extremely advise you to read Rich Dad Poor Dad.. I have personally met up with Robert last time and learn a lot from his books. By the way, you can get his book at bookstores near your place.

Your most expensive advice is the free advice you receive from your financially struggling friends or relatives.

Robert Kiyosaki

Average investors are on the outside trying to look into the inside of the company or property they are investing in.

Robert Kiyosaki

It's the investor who is risky, not the investment.

Robert Kiyosaki

The idea of working all your life, saving, and putting money into a retirement account is a very slow plan.

Robert Kiyosaki

If you don't first handle fear and desire, and you get rich, you'll only be a high-pay slave.

Robert Kiyosaki

To gain more abundance a person needs more skills and needs to be more creative and cooperative.

Robert Kiyosaki

A business with a defined mission, a determined leader, and a qualified and unified team begins to take shape as the sections of the B-I Triangle come together. This is when the B-I Triangle becomes three-dimensional and turns into a tetrahedron.

Robert Kiyosaki

One of the reasons I do not need a job or a paycheck is because rich dad trained me to make money from nothing.

As you increase the number of investor controls you possess, you continue to reduce your risk in the investment.

Robert Kiyosaki

The unique ability to take decisive action while maintaining focus on the ultimate mission is what defines a true leader.

Robert Kiyosaki

The more simple you can make this subject (investing), the richer you can become while reducing risk. But the challenge for most people is to invest the time.

Robert Kiyosaki

Instead of labeling and discriminating against one or the other, we need to learn to blend our gifts and complement our geniuses.

Robert Kiyosaki

There are many people who have big plans but their big plans never come true. The reason is, too many people have big plans but fail to keep their small agreements.

Robert Kiyosaki

By asking the question "How can I afford it?" your brain is put to work.

Robert Kiyosaki

Just as a fisherman must watch the ebb and flow of the tides, an investor and businessperson must be keenly aware of the subtle shifts in cash flow.

Robert Kiyosaki

You can invest with less risk and make more money in the stock market. All you have to do is not be an average investor. Intelligence is the ability to make finer distinctions.

Robert Kiyosaki

So where in the old economy, content was king, in the new economy, context is king.

Robert Kiyosaki

The biggest challenge you have is to challenge your own self-doubt and your laziness.

Robert Kiyosaki

The word accounting comes from the word accountability. If you are going to be rich, you need to be accountable for your money.

Robert Kiyosaki

If you want to retire young and retire rich, it is very important that your money be like a bird dog, going out every day and bringing home more and more assets.

Robert Kiyosaki

The boundaries of a person's reality often do not change until that person forsakes what he or she feels confident in and then goes blindly with faith.

Robert Kiyosaki

One of the main reasons people are not rich is that they worry too much about things that might never happen.

Internet Marketing

How to Start Making Money from the Internet!

- *Patric Chan*

I hope you have already completed Robert Allen's Info-preneuring article or One Minute Millionaire book (<http://www.esuccessmastery.com/resource.htm>) (You can get Info-preneuring article for free at <http://www.esuccessmastery.com>)

The reason is, Robert Allen had stressed how and why it is important to use the internet to start getting multiple source of income in his famous book, Multiple Streams of Internet Income. I would not repeat the same information here; therefore it is suggested for you to read it up first. I will go straight to the point here on how to earn money from the internet.

First of all, you need to know how you wanted to earned money from the internet. There are many ways, different types of internet income have different ways of promoting it, but it is still the same way to promote it. Sounds ironic right?:-)

Let's start. Listed are some ways to earn money from the net that I recommend:

- **Internet Jobs**

Part/full time internet job such as typing, data entry, web design, copywriter and etc. Some company could not afford to hire a permanent worker to do their project basis work, therefore, in order to minimizes cost, they seek outsource expertise. Similarly, if you create a product, you may want to hire a copywriter for your webpage and etc. This is where you come in and save the day. In this type of work, it is very much an active income, because you earn when you complete the work. You actually trade your time to complete the work. Below are websites engage in this type of business:

<http://www.workathomeclassifieds.com>

<http://www.workathomecareers.com/index1a.html>

<http://www.work-at-home-dot.com>

If you would like to get the complete list and to find out more on this type of internet job, click <http://www.esuccessmastery.com/pr.htm>

I have personally worked as a freelance customer support for established internet marketer before. As long as you are good at your area, you have no problem of selling your own expertise. I don't make millions by replying customer's emails, but it is a good way of active income as I choose my own time to do it and there is no pressure.

- **Selling Products Online**

You may sell tangible or intangible product, depending on your interest or business. I prefer selling intangible product, information product. Remember what Robert Allen explain in his Info-preneuring article? Sell information! Everybody is hungry for information. For your info, I read at least a book in a week. I surf the internet 3 hours a day to find information. Everybody is crazed for information.

Selling intangible product gives me the advantage to automate most of my transaction and do not required inventory. No inventory means no cost. Just a small set up fees to get things rolling.

If you are a beginner, I would suggest you to start selling other people's product first. You can buy resell rights and earn 100% on top of the sale. However, if you are not tech-savvy yet (I am not as well until today), join affiliate program to sell other people's product. It is best to create your product, but to my opinion, if you do not have the expertise or time, skip it. It just required too much effort, where you can actually get a very good resell product below US \$ 100.00 easily nowadays.

If you are interested to create your own information product without hassle, I will recommend to you a friend of mine, his name is Jeff Smith. Jeff is a full time internet marketer who helps ordinary people and experts to create information products.

The **Ultimate Information Entrepreneur's Idea GuideBook** will be the best resource for you to create your own information product.

Visit <http://www.esuccessmastery.com/jeff.htm> if you want to start creating your own profitable information product now!!

- **Ebay/Auctions website**

Do you know Ebay receive millions of internet visitors a month? Phew!! If you do not know what does that means, it means instant money making! Imagine if you sell a product in Ebay, only 0.01% visitor view your auction, you get hundreds of thousand visitors!! Do you think if 100,000 visitors see your ad/auction, will you get a sale? If you know what to sell and how to write your ad, you bet!!

A good thing about Ebay is that the visitor that view your product is a targeted visitor because they are searching for your product.

- **Internet Multi Level Marketing**

There are many MLM doing their business online nowadays. Some of them sells product where else some sells information membership. But for this method of

making making from the internet, you have to be very careful as there are now too many scams.

I'm not saying it is bad, but you should make sure you do a lot of home work to check about the company's background first.

- **Internet Affiliates Program**

Most companies doing on line business such as dating online services, selling books (Amazon.com), selling ebooks and etc have an associate program for you to join where you can earn money. This is called the affiliate program. How does affiliate program work is this; you promote for them and they pay you when they get sales. Simple idea, right? Everyone wins. Everyone is happy.

You can be affiliate to many online businesses from the websites below. It is FREE to sign up.

<http://zzz.clickbank.net/r/?patricchan>

<http://www.cj.com>

Affiliates program itself is a whole big story to explain, which I cannot complete everything here. A Little Inspirational Story To Share.....

A Magic Lesson To Success

There was some time ago, in a city, there lived a couple who have a comfortable life. Both of them are living happily married. They have a secure job, own house, car and those common needs.

Basically this couple do not need to worry much about their financial or relationship needs. But after living the same life style for years, they had realized that their life seems to be so routine! So predictable, that it seems like something is missing. Everyday, they wake up in the morning, go to work, come back from work, go home, eat dinner (sometimes have to dine outside) watch tv, wash car and go back to sleep. The normal typical stuff. With the money they earned everyday, it would not be possible to go for a vacation in overseas much, go safaris in Africa or take flying lessons. You know, the lifestyle of the richer group where spending is not a main concern.

What is missing? Their passion in life.

This is because they have not sought the passion in their life and with their current financial situation, this is the type of enjoyment they can afford to spend on.

So one day, the wife voiced out that she had enough; enough is enough of this meaningless life, they need to find their passion in life, to enjoy life to the fullest and be better off in financial situation. They know they can achieve more, but do not know why they are not achieving more. Achieving do not mean that they have to be millionaires, but in every other aspect of life. The husband agreed, and so they set off to find a better lifestyle and seek the passion for their life.

And amazingly, the husband was told by a successful friend of his, that there is a magical success guru living in a far, far away land, on top of the highest mountain where there is a cave. The guru lives in that cave .

The husband was excited with this news, and so after much discussion with his wife, they have made a decision. They had made a decision to seek advice from the guru for the secrets of success. They took their company leaves, save some money for traveling and set they go.

After month of searching high and low with their determination to seek the answer, finally they found the mountain where the guru lives. Excited as they are, they make their climbs up to the peak of the mountain. It was very hard and tedious, but it is worth the effort. Finally, they were at the peak. Overseeing the view from top of the mountain, they felt so confident and peace of mind. Now, their task is to find the guru. The hard part is:

Where could he be? They think.

Suddenly, they saw an old man, sitting at the end of the mountain rock. It seems very dangerous to sit there, because anyone can fall off anytime down the mountain and break all the bones. Of course, everyone will probably end up dead with broken bones.

So, the wife whispers the guru, 'Excuse me, old man, are you the magical success guru that helps people to be successful?'

The guru seems not to be hearing her whisper. He was still sitting quietly at the end of the mountain rock without any movement.

The wife whispered again. Then the old man turned around and stands up at the end of the mountain rock. This is even more dangerous now, because anyone can lost balance and fall off!

'Be careful, o'wise guru! You can fall down from the mountain rock if you stand so near at the end!' they warned.

But the guru simply ignored what they said. In fact, he replied, 'If you want to speak with me and learn from me, you have to come closer, come stand beside me at the end of the mountain rock, my students-to-be.'

No choice was given if they wanted to learn the secrets of success from the guru but to follow his instruction. With a lot of fear, they came close to the guru. Now, the Guru is standing in the middle and both of them were standing on the left and right of the Guru. All 3 of them are facing outwards of the mountain, they are facing the down slope of the mountain. They can fall down the mountain at any time if they are not careful. The husband's and wife's heart were panting non stop.

At this moment they felt so different, a feeling they never felt before, peace of mind and yet full of anxiety. Looking down the land, they felt really confident. And also a little bit afraid of falling off. It will break their bones if they fall down the mountain.

The husband was thinking, 'Now what?'. So, he asked the guru the one million dollar question, 'What is the secret of success, o'wise guru?'

The guru just smiled at them and replied, 'Look at the land beyond below, from here.'

Following the instruction, both of them do as instructed, looking at the land from the top of the mountain. They can see almost everything from the peak of the mountain.

Suddenly, the guru pushed them off the mountain peak!! Unbelievable!

(Sad conclusion??)

When they fall, with so much fear of death, suddenly, they realized that they can fly! And they fly..... because they have forgotten that they can fly all this while.....

-----The End-----

Please take some time to digest the meaningful story above, and think what lessons is hidden behind the story.

Some people can 'fly' but they have forgotten how to 'fly'. So they forgot.

Some people completely do not know they can 'fly'. So they never learned.

Some people have 'flew' before, but forgot how to. So they never remember.

Some people know they can fly, but never try because they are surrounded with F-E-A-R. So they quit.

Some people wanted to see others 'fly' first before they 'fly'. So they wait.

Some people waiting for a mentor to teach them how to fly. So they wait.

Some people 'flew' before and fell down, so they claimed that 'flying' is dangerous and useless. So they whine and quit.

But, some people are 'flying' everyday, looking from the sky, overseeing everyone who is not 'flying' just because they take a step to fly.....

I have taken my 'flying' lessons and discovered my wings. Have you started 'flying' yet?

How I reply emails, design web pages, write programs, post on forums, or automate any other task with just three keystrokes!

This new breakthrough software had increased my free time by 800%.

There's finally a software program that **automatically** performs tedious business tasks for you so **you don't have to!**

My online business has been expanding rapidly over the last few months, and the volume of email that I have to answer each day has literally **skyrocketed**. At first, I was proud of myself and I loved answering every single email.

Anyone who's been running a business for longer than a couple of weeks will tell you, however, that answering the same advise and customer service questions over and over can be extremely tedious, and although it is **crucial** that they all be taken care of as quickly as possible, sometimes we just wish they would **answer themselves!**

That's why I use BizAutomator.

BizAutomator can...

- **Automatically take care of repetitive customer inquiries** so that you can free up your time for more complicated work
- **Quickly and easily relay technically complex answers** that you've previously obtained from a computer-savvy person to customers who want to know the answers
- **Ensure 100% gramatically-correct, error-free, professional answers every time** by responding with perfectly pre-defined templates to your emails
- **Perform tedious web design tasks** such as setting up just the right table alignment with just a few simple keystrokes
- **Write scripts and software code even if you don't know how** by inserting code templates that you receive from a programmer or download from the Internet
- **Remember all of your affiliate links and URLs** so that you have them at your fingertips, so that next time when you want to tell someone about a web site you can just hit a few keystrokes and insert the right information
- **Automatically type a signature for you on message boards and emails** and get some free advertising in around the clock

- **Instantly insert phone numbers, addresses, and email addresses** into documents and emails by just typing a pre-defined "nickname" or "alias" (for example, type "john's email" and BizAutomator will type "john@hotmail.com" into whatever document you're typing in)

Whatever you do on the computer, **BizAutomator** can automate and simplify it, which will directly result in you having more free time to make more money and just plain **relax**.

Just to encourage you to look at how awesome is BizAutomator can work for you, I have prepare several bonuses for you. ☺

'How a new kind of inspirational book that I read at 3.00am had improved my inspiration for success in only 3 hours'

and it works for everyone including you.....

Come Back To Life

"Delightful book - worth reading and then referring to over and over again. A real help to motivate yourself for success."

"It's one of those rare life-changing books that you know you need to pass on to as many people as possible. It touches people's lives."

Recently, I have been spending money and time promoting a new online business. Everything was in place to be launched.

But suddenly, when I entered my website URL address, the page just wouldn't load!

Imagine how worried I was!! I know I was going to lose money - and integrity - when my visitors found out about this. And the worst part was, I had requested top internet marketers to recommend their customers to visit my website in 8 hours from now. It was 2 o'clock in the morning and I didn't know what to do.

I was very worried.

Since I couldn't do anything much, I thought of checking my emails.

Normally, I will receive many emails from my subscribers and it always cheers me up. :) That day, I received an email from Carl Munson. Here is what he wrote :

Hi Patric,

This is Carl Munson, author of Come Back To Life. I have been a subscriber of Motivational Success Resources for some time now, and I would like to thank you for the work you have done.

Blah, blah, blah.....

I would like to give you a complimentary copy of my ebook, Come Back To Life. It is not a free ebook, but I would really like you to have it. The price will increase soon to \$19.95.

*Cheers,
Carl Munson*

Well, to tell you the truth, I can't seriously be bothered with how good Carl's book is! All I was concerned about was how to find the solution for my website problem that day. My assumption was that, **Come Back To Life** must be another of those inspirational book that you and me have read so many times already. Anyway, I wanted to know what the contents were, so I read the book.

WOW!! Am I in for a surprise!!

This ebook is not just another typical inspirational ebook. It's totally extraordinary! Here's the best bit I read that morning :
